

Do not weaken or overturn the "do not call law" in New Jersey. Since signing up, I no longer have 4-5 messages on my answering machine about information I do not want. Also, I no longer receive calls with a machine at the other end of the line telling me what it is I need! I have an unlisted number and still telemarketers were able to call and bother me. Being disabled it is even more of an inconvenience for me to get up to answer the ringing phone only to have a nasty, obnoxious telemarketer at the other end. Stop messing with a law that finally fixed an invasion of my privacy!
